Brands of the year Award 2014 2020

Established in 1990, Dura Water Tanks are the market-leading brand for the last 30 years. Dura has won nationwide recognition and reputation as the leading water tanks manufacturer across Pakistan. With multiple certifications including ISO 9001 and PCSIR compliant, Dura Water Tanks is the largest manufacturer of water tanks with multiple manufacturing plants nationwide.

Dura Water Tanks is the first to bring 5-layers manufacturing technology to Pakistan and now proudly introduces its

exclusive range of tanks under the brand name "Dura Flow". Being a market leader, Dura Water Tanks are known for their durability, longevity, purity and strength. Dura Flow high quality range of water storage tanks brings together an array of unique and distinctive features and advantages for its valuable customers. With its commitment to superior quality as well as the excellent performance of its products in every industry it serves, Dura Water Tanks always looks forward to scale new heights.

4 Layered Protection

Its 4-Layered protection ensures Dura Flow is less prone to temperature disturbances. The content stays cool in summers and warm in winters.

Trendy Design

A unique and contemporary design feature allows Dura Flow to add to the aesthetic appeal of your building.

Hi-Density Polyethylene

Dura Flow is manufactured from HDPE for extra strength and resistance from damage.

Accurate Sizes

Dura Flow Tanks are accurate to 0.1liters of the claimed capacity.

Hassle-Free Maintenance

Dura Flow Tanks are rust-proof, leak-proof and joint-free, radically increasing product life.

Wide Range

Dura Flow comes in both horizontal and vertical tanks of various different capacities.

Anti - Bacterial & Hygienic

Produced from 100% imported food-grade material, Dura Flow is resistant to fungal and bacterial growth, ensuring your safety and health.

UV Stabilized Material

Dura Flow is UV stabilized for protection against contamination and harmful solar radiation.
